

AMRANZ Announcement

Thursday 5th November 2009

OAMPS Insurance Brokers ten year relationship with RCSA and AMRANZ and our commitment to working closely with our clients, has provided us with a unique opportunity to assist Medical Locum Agencies.

We have been negotiating on behalf of AMRANZ members with NSW Health and have successfully obtained more reasonable and achievable contractual terms.

We can confirm that OAMPS insurance policies are exclusively available to AMRANZ members and are fully compliant with the insurance requirements currently being proposed by NSW Health. Our policies also have many additional benefits not usually offered to Medical Locum Agencies as, unlike most insurance policies, OAMPS' do not have Medical Malpractice or Bodily Injury Exclusions, therefore providing you with real peace of mind, certainty and security.

For an obligation free review of your current insurance arrangements or for any insurance advice please contact one of our recruitment insurance experts, recruit@oamps.com.au 03 9412 1212.
